WI-001
Small percussion hammer,
100 g, 17 cm long, chrome-plated

WI-002
Medium percussion hammer,
145 g, 19 cm long, chrome-plated

WI-003
Large percussion hammer,
190 g, 19 cm long, chrome-plated

WI-004
Simple percussion hammer,
70 g, 20 cm long, chrome-plated

WI-005
Trömmer's percussion hammer,
220 g, 22 cm long, stainless

WI-006
Pleximeter,
for large and small animals,
50 x 28 mm, nickel plated

WI-007
Pleximeter,
for large animals,
18.5 x 1.5 cm, nickel plated

WI-008
Pleximeter,
for large animals,
15 x 2.5 cm, nickel plated

WI-009
Goetze's stethoscope
with rubber tubing and
metal membrane (65 mm Ø)

WI-010
Reversible stethoscope
(as Rappaport) for large and
small animal, membrane 45 mm Ø and 30 mm Ø

WI-011
Speculum
for aural, vaginal and rectal inspection,
jaw 32 mm, stainless

WI-012
Killian's Speculum
for small animals, jaw 90 mm,
stainless

WI-013
Noye's foreign body forceps,
suitable for otoscope funnels
over 4 mm \varnothing , working length 10 cm,
stainless

WI-014
Hartmann's foreign body forceps,
extra fine, suitable for otoscope funnels
over 2.5 mm \varnothing , working length 13 cm,
jaw 10 mm, stainless

WI-015
Buck's foreign body lever,
working length 11 cm,
jaw 8 mm, stainless

WI-016
Dressing holder,
17 cm, 2 mm \varnothing , stainless

WI-017
Otoscope with 3 tips, simple model

WI-018
Small Clip lamp,
high quality, durable pocket lamp,
Rechargeable batteries, Bright,
concentrated illumination by lens bulb,
Length 12 cm, weight 50 g
Spare bulb 2.5 v

WI-019
Mini 2000 Cliplamp,
a durable pocket lamp with
rechargeable batteries, Bright,
concentrated light by lens bulb
2.5 v / Halogen

WI-020
Mini 2000 otoscope,
with batterie handle, very light,
fits in every pocket, viewing window
providing 3x magnification, swivelling
viewing window, bright light.

WI-020-1
Re-usable tip,
made of high-density plastic for mini
2000 otoscope, 1 set = 4 pcs.
(2.4/3/4/5 mm Ø ergonomic shape, painless
atraumatic insertion, all common germicides
can be used, autoclavable up to 134°C

WI-021
Mini 2000 ophthalmoscope,
a full-function ophthalmoscope,
size handy and easy to transport,
bright, white light (2.5 volt halogen)
and brilliant image, 4 different apertures

WI-022

Otoscope Set, Containing:

Beta battery handle, 2.5 volt, brightness control with ceramic resistor for short-circuit protection, metal handle sleeve.

Battery (1.5 volt), quicksilver-free, long life 2 pieces required)

Diagnostic otoscope with metal construction, 2.5 v, large, clear, undistorted image, glass viewing window, with 3x magnification, swivelling viewing window, insufflation port

Re-usable tips, high density plastic, 40 x 5.5 mm, autoclavable up to 134° C

All part are separatly available

WI-022

Operating otoscope, 2.5 V / halogen, lamp and magnifying glass swivelling

Re-usable tips, high density plastic, 50 x 4.5 mm

Re-usable tips, high density plastic, 70 x 4 mm

Re-usable tips, high density plastic, 70 x 5.5 mm

Spreadable speculum for use with otoscope head No. 022, jaw 35 mm

Diagnostic otoscope with metal housing, 3.5 V, clear, 3x magnification, swivelling viewing window, Insufflation port

Spare bulb, 3.5 volt halogen

Ø4 mm

Ø6 mm

Ø9 mm

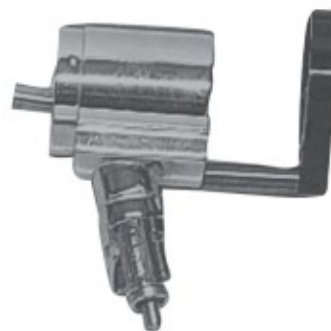

WI-024

Otoscope Beta 200 VET, with distal fiber optics illumination, large, scratch-resistant viewing window of coated optical glass providing 3x magnification, integrated viewing window slides, robust metal housing, without specula

Spare bulb, 3.5 V, Halogen

Re-usable tips, made of high density plastic, ergonomic shape, dust and germs are easily removed, disinfection and autoclaving up to 134°

61 mm x 4 mm Ø 61 mm x 6 mm Ø 61 mm x 9 mm Ø

WI-025

Slit illumination head, with fiber optics illumination, for bright, homogeneous light, multi-coated and scratch-resistant swivel loupe providing 2x magnification

Spare bulb, 3.5 V, Halogen

Spare Swivel lens, for 2.5 V and 3.5 V, Halogen

WI-026
Speculum, closed, 150 mm long, 10 mm
Spreadable speculum for use with slit head No 025 95 mm

WI-027
Polansky's Vaginal Speculum, 25 cm, nickel-plated
Lamp carrier with nut, for speculum No.027

WI-028
Lightning attachment,
complete with 2 batteries for tube
specula

WI-029
Vaginal Speculum,
for sheep 16 cm. nickel. Plated

WI-030
Goetze's tube speculum ,
light metal, 38 cm 4 cm Ø

WI-031
Tube Speculum,
for pigs and cows, nikel plated brass.

WI-032
Abelein's tube speculum,
light metal, 34 cm conical 4 to 7.5 cm Ø

WI-033
Tube specula cylindrical,brass, nikel- plated
with built-in lamp carrier for lightening attachment

WI-034
Disposable speculum for mares, 27 mm Ø 450 mm Ø long

WI-035
Lightening attachment
complete with 2 batteries for tube specula

WI-036
Probe ended canula
for anaesthesia of the spermetic
cord, push on made of brass nikel-
plated 14 cm long

WI-037
Round ended probe,
15 cm stainless
2 mm \varnothing , 3 mm \varnothing

WI-038
Grooved director,
14.5 cm stainless

WI-038
Retractor
12 cm stainless

WI-039
Retractor
Double sharp 20 cm long
chrome plated

WI-040
Retractor Double
Blunt, 20 cm long, chrome plated

WI-041
Retractor
four -pronged, 20 cm long,
chrome plated

WI-042
Hook Retractor forceps
with ratchet, take- apart, 20 cm

WI-043
Hook Retractor forceps
with ratchet, take- apart, 24 cm
chrome plated

WI-044
Czerny's hook retractor forceps
20 cm , with 4: 4 teeth, stainless

WI-045
Backhaus' towel clip
13 cm , stainless

WI-045
Backhaus' towel clip
9 cm , stainless

WI-045
Towel clip, forceps
from, 9 cm , stainless

WI-046
Mosquito forceps with
ratchet,
12.5 cm , stainless

WI-047
Gross' dressing forceps
14 cm , stainless

Ermold's needle holder,
17 cm, stainless

WI-139
Cartilage knife
plastic handle, 17.5 cm

WI-140
Two pronged,
double ended muscle hook,
7 cm, stainless

WI-141
Sharpening steel
for P.M. knives, 17 cm,
hard-chrome plated

WI-142
Sharpening steel
for P.M. knives, 35 cm,
hard-chrome plated

- WI-143**
P.M. set in solid wooden case, containing:
- Bow saw
 - Saw
 - Hammer
 - Spine wrench
 - Chisel, 20 cm
 - Chisel, 23 cm
 - Virchow's scalpel
 - Cartilage knife
 - Bowel scissors
 - Tenotomy scissors
 - Dissectin forceps
 - Bone holding forceps
 - Bone scissors
 - Probe, 2 mm Ø
 - Probe, 3 mm Ø
 - Measure

WI-144
Meat inspection knife
with metal grip, 23cm,
blade 10.5 cm

WI-145
Meat inspection knife
with plastic handle, rounded,
31 cm, blade 17 cm

WI-146
Meat inspection knife
with plastic handle, pointed,
31 cm, blade 17 cm

WI-147
Take apart sheath
of light metal, for two meat
inspection knives

WI-148
Marking scissors,
fine points, curved shanks, 16.5 cm
nickel-pointed

WI-149
Marking scissors,
curved points, straight shanks
19 cm nickel-plated stainless

WI-150
Trichino scissors, stainless
11 cm, straight 11 cm, curved
13 cm curved

WI-151
Longitudinal tattooing forceps, character height 5 mm, 7 spaces, 20 cm long, in robust storage box, excluding accessories

WI-152
Horizontal tattooing forceps, character height 5 mm, 4 spaces, 15 cm long, in robust storage box, excluding accessories
Set of figures, character height 5 mm, with round points, excluding blank plate, in plastic bag
Figures, single, character height 5 mm with round points
Blank plate, 5 mm

WI-153
Horizontal tattooing forceps, character height 5 mm, round points, with 6 blank plate and tweezers, in wooden case
Wooden case, separately, for a double set of figures with 5 mm character height or for a single set figures of 7 mm character height

WI-154
Longitudinal tattooing forceps, character height 7 mm, 7 spaces, 20 cm long, in robust storage box, excluding accessories

WI-155
Horizontal tattooing forceps, character height 7 mm, 7 spaces, 17 cm long, in robust storage box, excluding accessories
Horizontal tattooing forceps, for sheep, character height 7 mm, 9 spaces, 17 cm long, in robust storage box, excluding accessories
Set of figures, character height 7 mm, with round points excluding blank plate, in plastic bag
Figures, single, character height 7 mm with round points
Blank plate, 7 mm

WI-156
Alphabet, character height 7 mm, with round points excluding blank plate in box
Letters, single, character height 7 mm, with round points
Set of figures, character height 7 mm, with flat points, excluding blank plate, in plastic bag
Figures, single, character height 7 mm with flat points
Alphabet, character height 7 mm, with flat points excluding blank plate in box
Letters, single, character height 7 mm, with flat points
